## CLUB RENOS

### A SPECIAL THANK YOU

to our volunteers who helped with the renovations to our club. There was a lot of work involved with painting, laying flooring, updating the lighting and replacing the wood panels & trim. It looks great!

## WELCOME GRAEME!

Hello members of the Sun Parlour Curling Club! My name is Graeme Robson. I am grateful for the opportunity to be your 2017-2018 Head Ice Technician.

I look forward to serving the SPCC members who are passionate about the roaring game. I have been making ice for 4 years and have curled for over 15 years... from the little rocks to provincial championships.

It will most definitely be a very active season throughout the year, from the weekday leagues to the bonspiels. Like you, I am anxious and ready to get things started.

Good luck and good curling to all.
